climapAfrica

Climate research Alumni and Postdocs in Africa
Funding and Networking for Future Leaders in Climate Research and Protection

**Choose your climapAfrica track**

**As a postdoc: Become a Postdoctoral fellow and accelerate your academic career**

**ATTRACTION FUNDING SCHEME**
- Postdoctoral fellowship
- Funding for research stays in Germany
- Funding for conference participations

**ADVANCE YOUR RESEARCH WITH ALUMNI AND LEADING EXPERTS**
- Benefit from knowledge and expertise of Alumni in your field through working groups
- Benefit from distinguished supervision
- Get guidance from German mentors

**BE PART OF A GROWING COMMUNITY OF CLIMATE RESEARCHERS AND EXPERTS**
- Broaden your network through working groups and alumni conferences

**IMPROVE YOUR SKILLS THROUGH A TARGETED TRAINING PROGRAMME**
- Increase your research impact through science policy advising and skills training

**WHO CAN APPLY**
- African postdocs willing to perform their research project at a host institution in western/southern Africa
- Project from any field related to climate change research

**As Alumnus/a of a German initiative: Join a vibrant community of researchers and experts**

**EMBARK IN JOINT CLIMATE RESEARCH ACTIVITIES**
- Advance your knowledge in thematic working groups with other Alumni and Postdocs within your field
- Benefit from collaboration with distinguished German mentors

**GIVE BACK YOUR KNOWLEDGE TO NEXT-GENERATION RESEARCHERS IN YOUR FIELD OF EXPERTISE**
- Boost the outreach of your know-how and contribute to solving a pressing issue of our generation

**GROW YOUR NETWORK**
- Get to know your peers and connect with postdoctoral researchers, regional and international experts and practitioners

**IMPROVE YOUR SKILLS THROUGH A TARGETED TRAINING PROGRAMME**
- Increase your research impact through science policy advising and skills training

**WHO CAN JOIN**
- Alumni of German funding initiative (private or public)
- Working in climate related field linked to thematic working groups

---

**Climate change** will have a significant impact on natural and human systems in Africa. A better understanding of the future effects of climatic changes is crucial for African societies to find sustainable and suitable responses.

climapAfrica brings high-potential African researchers in climate change research and protection together with African alumni of German funding initiatives. It seeks to catalyze uptake and use of research outputs through a vibrant, highly connected network to facilitate the development of regional solutions.
