Climate research Alumni and Postdocs in Africa Funding and Networking for Future Leaders in Climate Research and Protection

5th Call for applications
11.10.21
17.11.21

Programme overview

Climate change will have a significant impact on natural and human systems in Africa. A better understanding of the future effects of climatic changes is crucial for African societies to find sustainable and suitable responses.

climapAfrica brings high-potential African researchers in climate change research and protection together with African alumni of German funding initiatives. It seeks to catalyze uptake and use of research outputs through a vibrant, highly connected network to facilitate the development of regional solutions.

Become a Postdoctoral fellow and accelerate your academic career

ATTRACTIVE FUNDING SCHEME

- Postdoctoral fellowship
- Funding for research stays in Germany
- Funding for conference participations

ADVANCE YOUR RESEARCH WITH ALUMNI AND LEADING EXPERTS

- Benefit from knowledge and expertise of Alumni in your field through working groups
- Benefit from distinguished supervision
- Get guidance from German mentors

BE PART OF A GROWING COMMUNITY OF CLIMATE RESEARCHERS AND EXPERTS

- Broaden your network through working groups and alumni conferences

IMPROVE YOUR SKILLS THROUGH A TARGETED TRAINING PROGRAMME

- Increase your research impact through science policy advising and skills training

Who can apply?

- African postdocs willing to perform their research project at a host institution in western/southern Africa
- Project from any field related to climate change research
